

I wish to express my objection to adding tolls on the Interstate highways within CT. As an Enfield, CT resident, I believe the addition of tolls to route 91 is basically adding another tax to myself and the other residents of north central CT who find it necessary to travel into Mass. on occasion. Gov. Malloy keeps expressing "No new taxes" regarding the finances required to run our state, so please insure that he is a man of his word.

Thank you,
Henry Bankowski
Enfield, CT.
